

Payment Entry

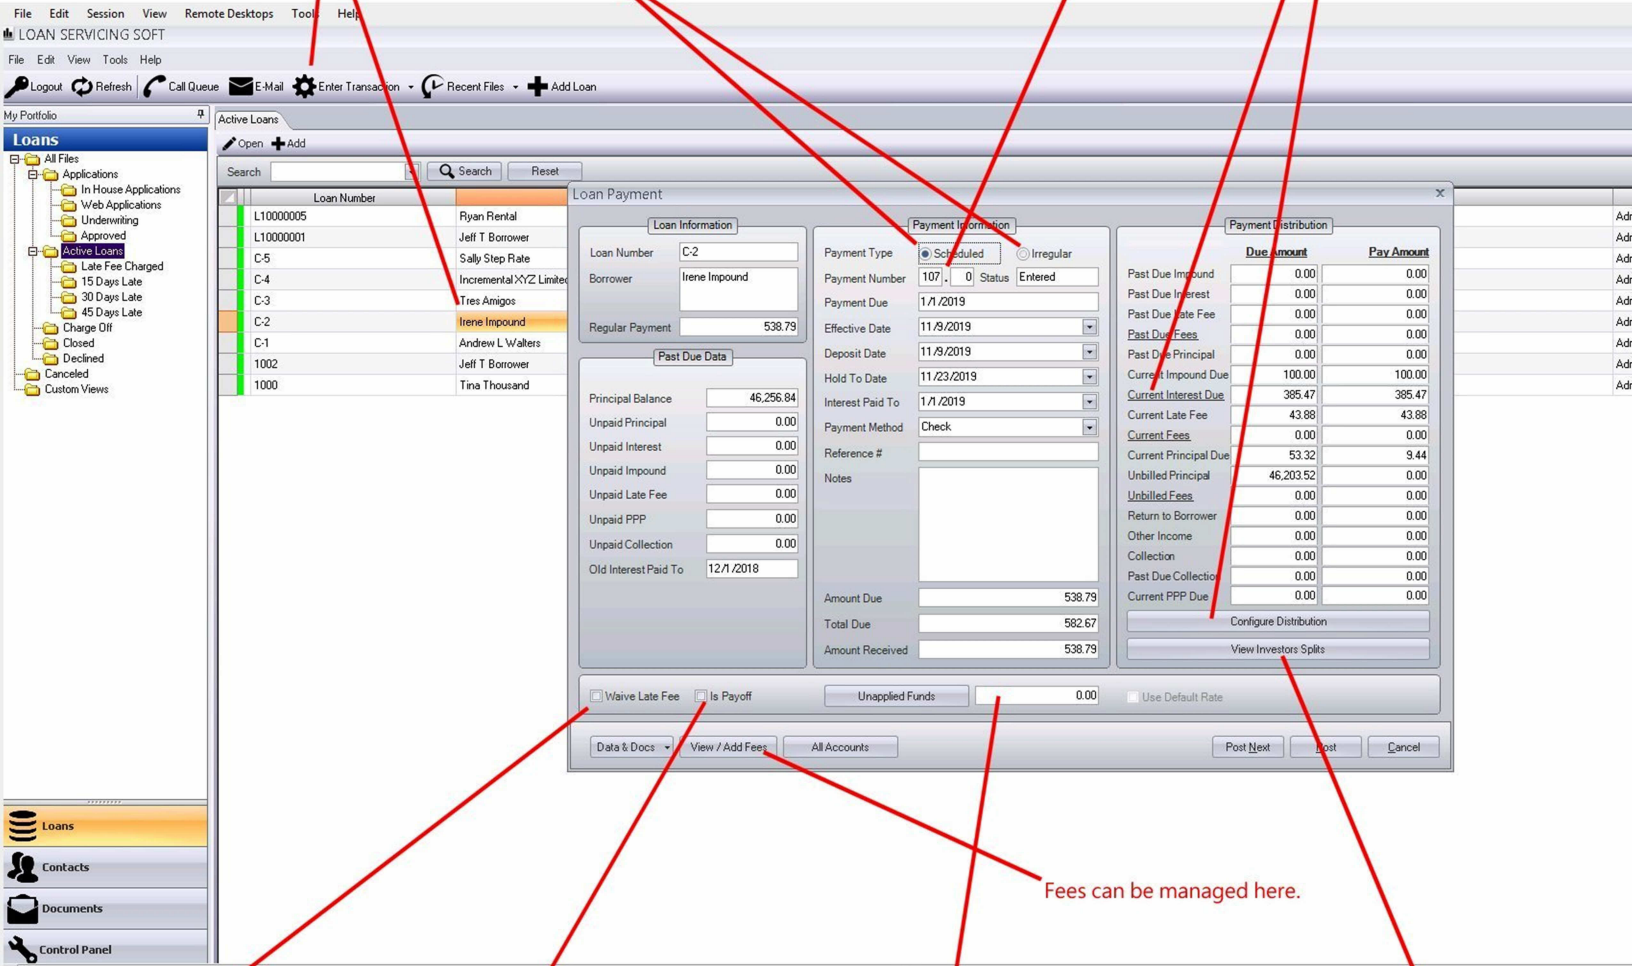

The payment entry screen may be accessed by clicking this button or by right clicking on any loan.

LSS has the ability to handle both Regular Scheduled payments and Irregular payments that don't effect the future payments due schedule.

Regular Scheduled payment numbers are displayed in the first Payment Number box and then Irregular payments, reversals and repays displayed in the second box.

Each loan has a default Payment Distribution and this can be overridden for a onetime payment here.

Payment Distribution can also be permanently changed on the main loan screen.

The current months Late Fee can be waived here.

If you are entering the final payoff click here.

Payments can be entered and applied to a loan or can be left Unapplied for future payments here.

Fees can be managed here.

If you work with investors you can see who the money is going to go out to here.
